

Our Reference

Erka Sistem Engineering Automation San.ve Tic. Ltd was established in April 2003.

The subject of the activity is industrial automation, operate in the programming and engineering services

Since its establishment, a very firm leader in the industry, has given important projects, engineering and supervision services. Fresh water and waste water treatment systems, automation, food sector, cold storage, air chillers, white goods sector is active in the test rooms, and hydroelectric power plant automation. In particular treatment plants, cooling systems and mechanical motion control systems and even more focused on.

You can find the following list that Erka's reference list especially regarding intervention, and in particular the revision of existing systems

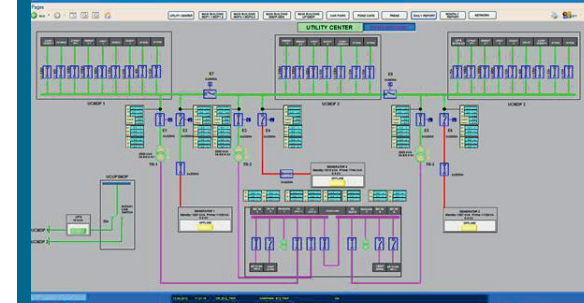

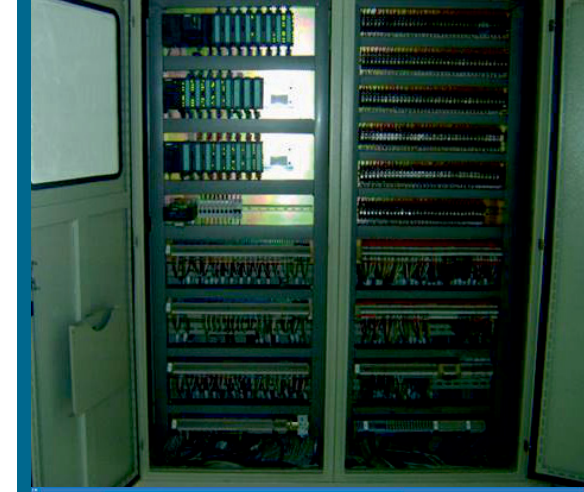

ErkaSistem Mühendislik Otomasyon Ltd. Şti. Projects References List

ANTALYA Biological Waste Water Treatment Plan
Setup all plant automation PLC-SCADA system

ISKI Tuzla Biological Waste Water Treatment Plant
Setup all plant automation PLC-SCADA system

ISKI Paşaköy Biological Wastewater Treatment Plant
Setup all plant automation PLC-SCADA system

Kirikkale Drinking Water Plant
Raw Water entry, Pure Water to upgrade the entire system pumps, electrical panels, design, manufacturing, automation PLC-SCADA system, all electrical wiring-wiring assembly plant jobs.

Manisa Drinking Water Plant Automation

Akpınar locality areas treatment, electrical panels, design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Revision of Modern Karton Wastewater Plant Board

The additional sections in the adaptation to the current system, electrical panels attached to the entire system design, manufacturing, field wiring cable. Full automation of the installation of the PLC-SCADA system.

Automation of Wastewater Pumping Pumping in Mudanya Buski

All automation system design, installation of the PLC-SCADA system.

Danone / Luleburgaz Revision of Waste Water Treatment Plant Automation

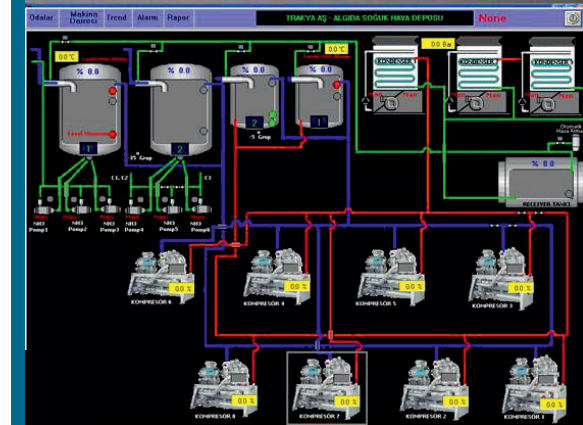

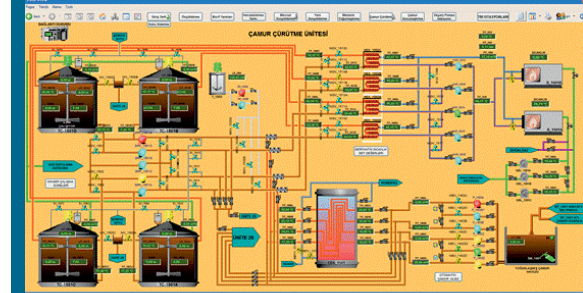

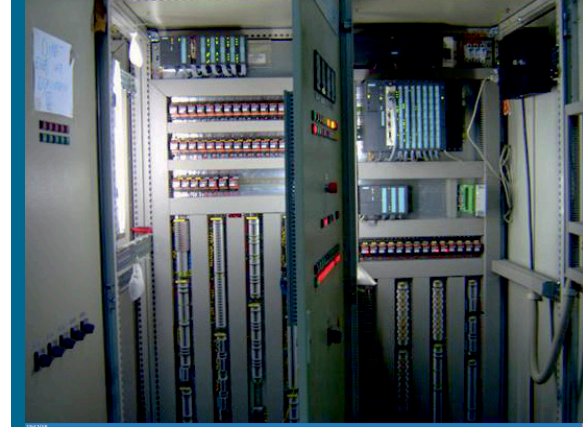

Treatment plant 2.sections electrical panels, design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Danone / Gonen Automation Revision of Wastewater Treatment Plant

Water Treatment tesisinin 3.sections, electrical panels, design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Arcelik / Cayirova ATGM Lab. Water Preparation System Installation, Automation

Reverse osmosis purification system, all electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Akbaşlar Textile / Bursa Water Preparation System Automation

Reverse osmosis purification system, all electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Cetin Textile / Cerkezkoý Water Preparation System Automation

Reverse osmosis purification system, all electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Gap Clothing / Malatya Water Preparation System Automation

Treatment of all electricity boards in the system design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Gap Holding / Turkmenistan Paper Factory

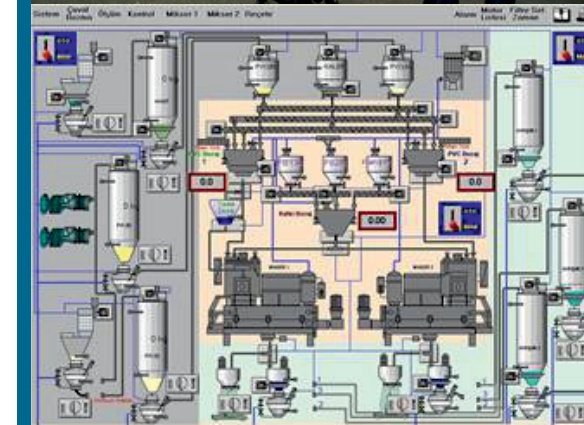

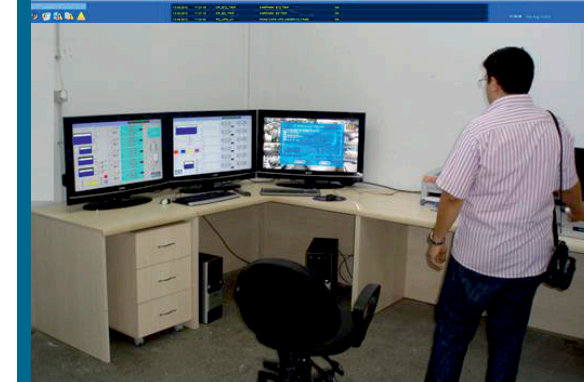

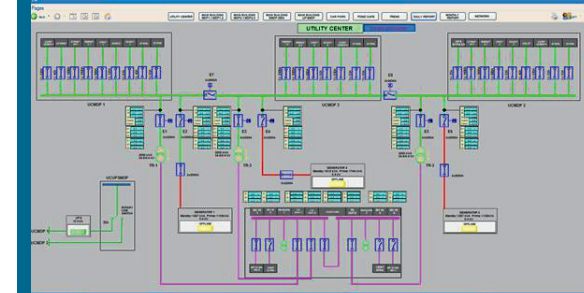

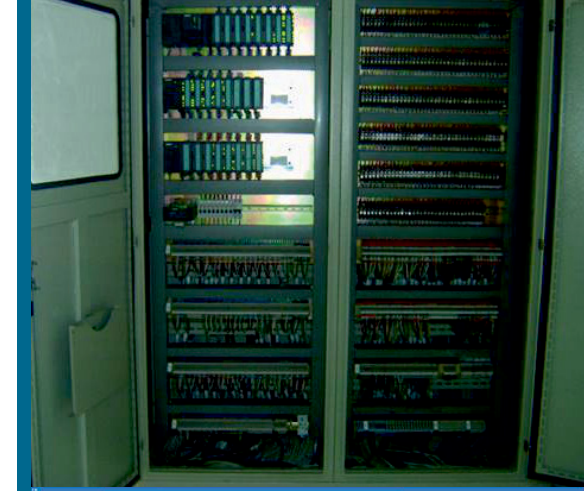

Automation of Water Preparation System, Reverse osmosis purification system, all electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system

YKK metal / Cerkezkoý Water Preparation System Automation

Reverse osmosis purification system, all electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Batman Hydroelectric Power Plant

3 x 75 MVA, 1 7 MVA turbine. All electrical, automation system projects and PLC SCADA system by the installation of the revised.

Energy Flue Gas Treatment System Automation in Ankara

Diesel engine exhaust gases to be neutralized the system running all the automation system, installation of the PLC-SCADA system.

Mercan Hydroelectric Power Plant / Tunceli

Automation, 3 x 7 MVA turbine in France from the installation of the system, the PLC-SCADA system installation revision and all automation.

ENS Agriculture / Mardin

Manure Preparation Batch System Automation; all plant automation system installation, the installation of all machinery raw material preparation and feed system

Biofarma Pharmaceutical / Samandira Fab. Kolet System Automation

Kolet600 machine computerized information collection, analysis, reporting.

Carlo Erba Pharmaceutical / Walnut Factory

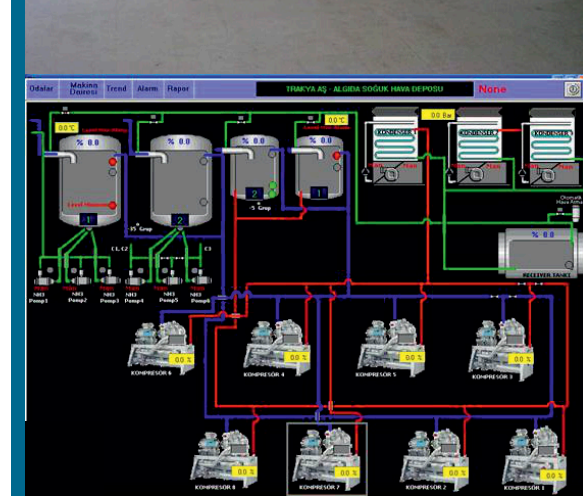

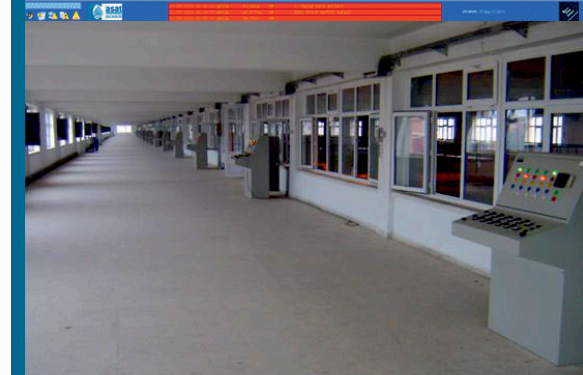

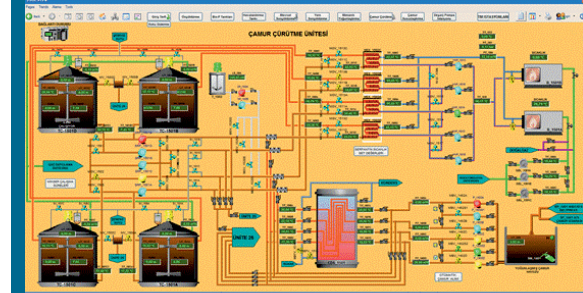

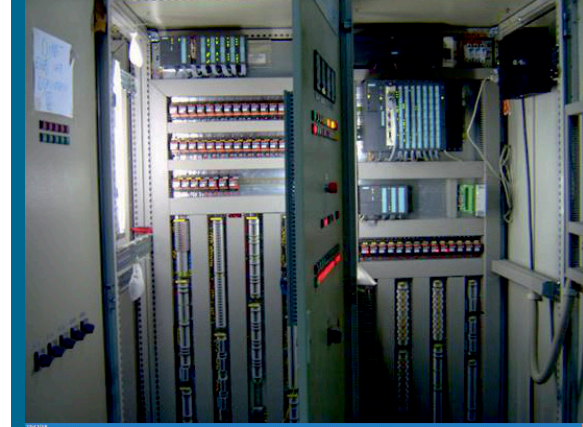

Revision of the Packaging Machinery, packaging machines, automation revision from abroad.

Glaxo Smith Kline / Gebze, Factory

Energy Tracking System Automation; all regional facility to the computer taking the energy expenditure, analysis, reporting.

Dia Holding / Azerbaijan

State Presidential Palace Jenetör-Substation Automation System; 2 transformer, 2 generating system, the main switch, clutch switch automation.

Schott Orim Glass / Cerkez koy

Glafurit Oven Revision, Automation, company engineers will present detailed analysis of the logic of his work in the oven with the oven as a result of revisions automation efficiency of 14%, Third was a record increase in manufacturing. This project is the German-based Schott Orim factories worldwide in 2008 was awarded the best Kaizen.

Orim Schott Glass / Cerkez koy

Revision of Printing Machines, Automations, about 16 years of printing machines used in the maintenance, overhaul.

Orim Schott Glass / Cerkez koy

Colibri Automation System Overhaul; Colibri machines, maintenance, overhaul.

Orim Schott Glass / Cerkez koy

Keraglass Automation System Overhaul; the factory by the revision of all the transmission lines.

Orim Schott Glass / Cerkez koy

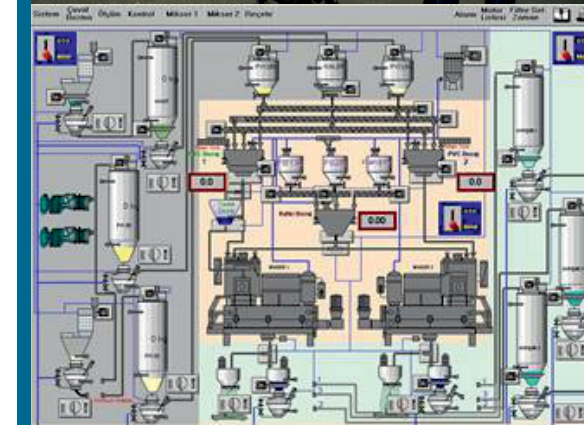

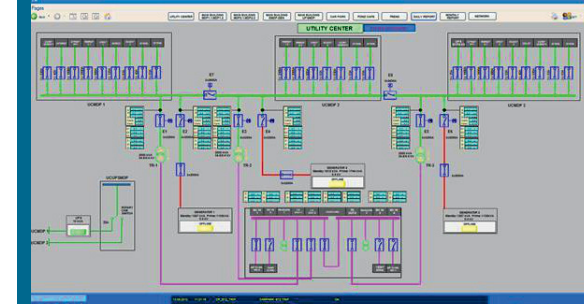

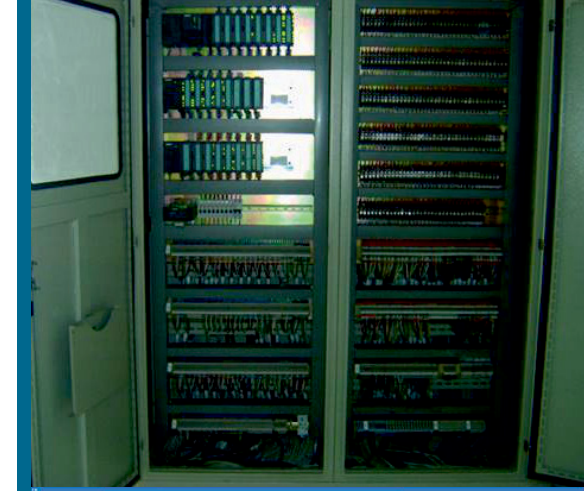

Drying Oven System Setup, the current line attached to the end of the drying furnace all the panels, electrical, automation, jobs.

Sarten Machine / Printing Machines Revision of Silivri

Automation, Printing machines, elimination of defects of the system's renewal, revision.

Envelope Yener Mechanical Overhaul

Envelope manufacturing machines, elimination of mal-functions of the system renewal, revision.

Arcelik / Eskisehir

Automation Test Rooms, All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system

Azersun / Azerbaijan

NH3 Refrigeration Compressors Automation System: All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system

Baycan / Hunters Automation Cold Stores

All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system

Besler / Kurtkoy Automation

Cold Stores, All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Hakan Plastics / Cerkezkoy Factories

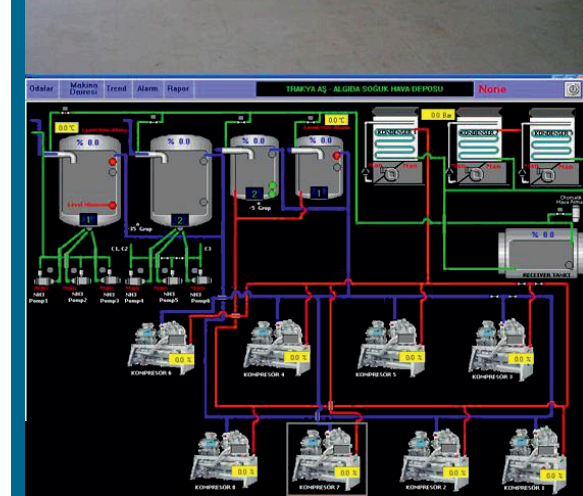

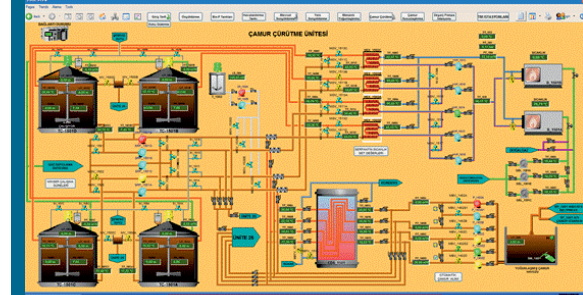

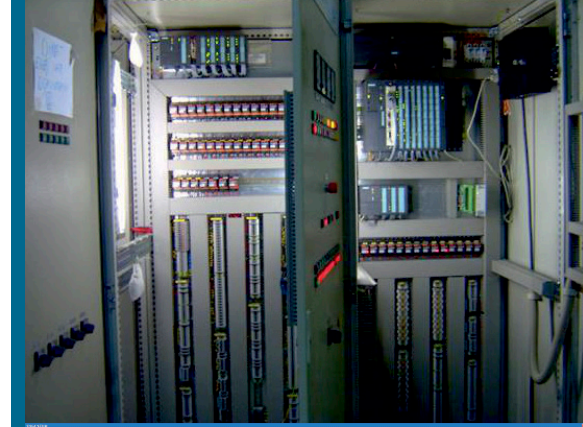

All plant automation system installation, the installation of all machinery raw material preparation and feed system.

Hakan Plastics / Cerkezkoy Factories

Irrigation pipe welding machine automation, machine automation Threading, automation of winding machine.

Beypi / Bolu

Cooling System Automation for all your electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Akpiliç / Bolu

Air Chiller Automation, automation of all the cooling system and air chillers.

Wall's / Corlu

Cold Storage Automation, Turkey's largest refrigerated warehouse, all the electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Algida / Corlu

Cooling System Automation, automation of all the cooling system, the installation of the PLC-SCADA system.

Özmaya / Iran

Air Ventilation System Automation, All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Pakpiliç Cooling System Automation

All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Tesco / Izmir Automation Cold Stores

All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.

Vestel / Russia

Automation Test Rooms, All electrical panels design, manufacturing, field-cable wiring, the installation of all the automation PLC-SCADA system.
